

Exemption from provisions of Health and Safety at Work (Mining Operations and Quarrying Operations) Regulations 2016

In accordance with section 220 of the Health and Safety at Work Act 2015 (the Act), I, Nicole Rosie, Chief Executive of WorkSafe New Zealand, exempt **Kylie Warren White** from compliance with regulation 38(a) of the Health and Safety at Work (Mining Operations and Quarrying Operations) Regulations 2016.

I do so –

- being satisfied that:
 - the extent of the exemption is not broader than is reasonably necessary to address the matters that gave rise to it; and
 - the exemption is not inconsistent with the purpose of the Act; and
- subject to the following conditions:
 - that, in order to be granted a certificate of competence as a B-grade quarry manager, Kylie Warren White must meet the qualification and experience requirements in the Notice of Requirements for Granting of Certificates of Competence under the Health and Safety in Employment (Mining Operations and Quarrying Operations) Regulations 2013 (*New Zealand Gazette*, 18 December 2014, Issue No. 153, Notice No. 2014-au7793) that applied to a person who held a certificate of competence as a B-grade quarry manager under the former regulations:
 - that, for the exemption to apply, Kylie Warren White must make an application for a B-grade quarry manager's certificate of competence within three months from the date this exemption takes effect:
 - that Kylie Warren White's application must include a record of the required unit standards completed and a current first aid certificate.

The reason for this exemption is that Kylie Warren White was unable, due to personal circumstances outside his control, to complete the application process for a certificate of competence as a B-grade quarry manager prior to 1 January 2017.

This exemption takes effect on **15 May 2018** and expires on **15 May 2023** unless it is sooner replaced or revoked.

Signed at WELLINGTON this ¹⁰ day of ^{May} 20¹⁸

Nicole Rosie

Chief Executive

WorkSafe New Zealand
